In the very beginning, the founders believed that the key to a good economy was have a good relationship with other countries. This way, the nations should study together to build trust and friendship without having any conflicts.

The anti-dome philosophy is "world peace".

With a vast land, high quality equipments, trade-dome rules, this building with gothic architecture has bedrooms for all students.

This academy is known to gather the most rich and important lords around the globe.

But the reality isn't quite that.

GOOD AFTERNOON!

HELLO!

I DON'T
SEE THEIR
MADON...

ALL
MAYBE...

THAT BEAR-
VOLE IS
TYPICAL...

PLAYING
ACTING LIKE
JERKS

GOOD
AFTERNOON,
LEON!

HEY THERE
PUPPY BACK
THERE BELONG
TO THE LION
GROUP?

CAN'T BE HELPED
IN THIS SCHOOL,
YOU HAVE TO
CHOOSE LOYALTY
TO THE "ROSE"
OR THE "LION"

The "Rose
Group" and
the "Lion
Group"

Nowadays,
the academy
is divided in
two factions.

Basically, one
group can't
talk to each
other.

Although this
division was
never officialized,
it's a tradition of
the academy

In the sports,
events, and
everything
there is a rivalry
between the
two groups

As soon the
student enters
the academy,
he is forced to
choose a group.

The less
leader is an
arabian no-
name called
Cassan.

The less
leader is a
middle called
Ashley

FOR NOT EVEN
A POLYTOON

THOSE
BOTS—

By the
way, I
belong to
the less
group

...And by
saying, I was
about to be
the vice pre-
sident.

A little bit

It's all

Ha...

starts

That
tree...

starts

starts

If a bird
nest came
to appear
there... it
will be a
very safe
place.

Shut up.

It was on
that tree
you broke
your foot.

Right?

I asked the
gardener

When you fell from
the tree two days
ago, there was a
fallen nest on the
ground right?

You fell because
you climbed it
to return the
nest, right?

Juliano

It's not it?

You ended
up missing
classes,

Because
of that,

That's why I
thought I
could find
you here

But you've
searched
everywhere,
looking for this
time.

Usually when
someone has a
painful experience
they don't tend to
return where it
happened

That's
very noble

And without
thinking about the
danger you came
back to help.

I never saw
bravery like
yours

And that's
how he leaves
his nest...

Yeah

Shindou!

Look! The
bird is flying
away!

Shindou-
ku

Ja...

Isano?

Stop!
Stop it!

Julland!
